2017**

The Nacogdoches Police Department

(I) Introduction

Opening Statement

January 6, 2018

Nacogdoches City Council
312 W. Main St.
Nacogdoches, Texas 75961

Dear Distinguished Members of the City Council,

The Texas Legislature, with the intent of addressing the issue of racial profiling in policing, enacted in 2001 the Texas Racial Profiling Law. The current report serves as evidence that the Nacogdoches Police Department, in accordance with the law, has collected and reported traffic and motor vehicle-related contact data for the purpose of identifying and addressing (if necessary) areas of concern regarding racial profiling practices. In the 2009 Texas legislative session, the Racial Profiling Law was modified and additional requirements were implemented. Moreover, in 2017, the Sandra Bland Act was passed and signed into law (along with HB 3051 which introduced new racial and ethnic designations). The Sandra Bland Law requires for all law enforcement agencies in the state to collect additional data and provide a more detailed analysis.

This particular report contains three sections with information on traffic and motor vehicle-related contact data. In addition, when appropriate, documentation is also a component of this report, aiming at demonstrating the manner in which the Nacogdoches Police Department has complied with the Texas Racial Profiling Law. In section 1, you will find the table of contents in addition to the Texas Senate Bill (SB1074); which later became the Texas Racial Profiling Law. In addition, you will find the Texas HB 3389, which, in 2009, introduced new requirements relevant to racial profiling as well as the Sandra Bland Act. Also, in this section, a list of requirements relevant to the Racial Profiling Law as established by TCOLE (Texas Commission on Law Enforcement) is included. In addition, you will find, in sections 2 and 3 documentation which demonstrates compliance by the Nacogdoches Police Department relevant to the requirements as established in the Texas Racial Profiling Law. That is, you will find documents relevant to the implementation of an institutional policy banning racial profiling, the incorporation of a racial profiling complaint process and the training administered to all law enforcement personnel.

The last section of this report provides statistical data relevant to contacts, made during the course of motor vehicle stops, between 1/1/17 and 12/31/17. In addition, this section contains the TCOLE Tier 1 form, which is required to be submitted to this particular organization by March 1st of each year. The data in this report has been analyzed and compared to data derived from the U.S. Census Bureau's Fair Roads Standard. The final analysis and recommendations are also included in this report. The findings in this report serve as evidence of the Nacogdoches Police Department's commitment to comply with the Texas Racial Profiling Law.

Sincerely,

Alex del Carmen, Ph.D.

TCOLE GUIDELINES

Guidelines for Compiling and Reporting Data under Senate Bill 1074

Background

Senate Bill 1074 of the 77th Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of *what* must be accomplished by an agency but allows wide latitude in determining *how* the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an "agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties."

The article further defines race or ethnicity as being of "a particular descent, including Caucasian, African, Hispanic, Asian, or Native American." The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

Standard 2

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person's race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer's best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

Commentary

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, "the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose."

Standard 3

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

Commentary

Senate Bill 1074 from the 77th Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide an analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for “tier one” data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American”);
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on “tier two” reports include traffic and pedestrian stops. Tier two data include:

- 1) the detained person’s gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

Standard 4

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

Commentary

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

Standard 5

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

Commentary

None

Standard 6

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

Commentary

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

Standard 7

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

Commentary

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

The Texas Law on Racial Profiling

AN ACT

relating to the prevention of racial profiling by certain peace officers.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Chapter 2, Code of Criminal Procedure, is amended by adding Articles 2.131 through 2.138 to read as follows:

Art. 2.131. RACIAL PROFILING PROHIBITED. A peace officer may not engage in racial profiling.

Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING. (a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties.

(2) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(4) provide public education relating to the agency's complaint process;

(5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;

(6) require collection of information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops, including information relating to:

(A) the race or ethnicity of the individual detained;

and

(B) whether a search was conducted and, if so, whether the person detained consented to the search; and

(7) require the agency to submit to the governing body of each county or municipality served by the agency an annual report of the information collected under Subdivision (6) if the agency is an agency of a county, municipality, or other political subdivision of the state.

(c) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make traffic stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make traffic stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the policy adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a traffic stop or about an individual

who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

Art. 2.133. REPORTS REQUIRED FOR TRAFFIC AND PEDESTRIAN STOPS. (a) In this article:

(1) "Race or ethnicity" has the meaning assigned by Article 2.132(a).

(2) "Pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic or who stops a pedestrian for any suspected offense shall report to the law enforcement agency that employs the officer information relating to the stop, including:

(1) a physical description of each person detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the traffic law or ordinance alleged to have been violated or the suspected offense;
